

**WE ARE SFILTRACE**

**WE SPECIALIZE IN FILTERING DRINKING WATER  
TO FACILITATE ITS FURTHER TECHNOLOGICAL USE**

# WE KNOW HOW

## Complex drinking water treatment technology

Do you need technology to treat drinking water for its further technological use, or do you need to replace your obsolete technology with new technology? **Send us your inquiry and we will propose a solution for you.**

## Industrial reverse osmosis membranes

Have you been using membranes in reverse osmosis for a long time and the output water no longer meets your requirements? **We can supply an alternative solution of your membranes to give you high water quality again.**

## Filter cartridges and fully stainless-steel filters

Are you satisfied with branded filter cartridges and filters? Come discuss them with us anyway and try out our high-quality products. **Our interesting prices will surprise you.**

## Fully stainless-steel filtering units for hospitals

Do you need to meet the requirements set forth by Czech legislation for a higher disinfection level in your gastroenterology and pulmonary departments and ensure sterile water for endoscopic disinfectors? **We are ready to help you with this.**

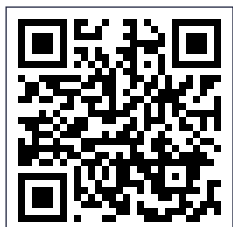

The 3-stage filtering unit is registered as Czech industrial design PVZ no. 37190.

## Stainless-steel demineralizers

Is your consumption of demineralized water low and you don't want to invest in expensive and complicated technology? **We have a simple, low-cost solution for you.**

**Let's filter drinking water together and ensure a sufficient amount of high-quality water for our businesses.**
